CLASS DESCRIPTIONS

INTRO TO PILATES

The starting point for anyone new to Pilates. Intro will enable you to master your Body Control Pilates ABCs (Alignment, Breathing, Core Stability) through a range of Beginner exercises and opens the door to other classes in the Body Control Pilates programme.

CORE PILATES

Core classes run at three levels from Beginner through to Advanced level and will take you through the main Pilates matwork repertoire. You will develop your Pilates technique and skills by means of a balanced, effective, total body workout – with particular focus on your core!

DYNAMIC PILATES

Dynamic Pilates is an up-tempo class designed to help you build endurance, strength and stability. It is a flowing, mat-based class which will also incorporate small equipment such as toning circles, stretch bands and balls to keep you challenged!

REFORMER CLASS

The Reformer is the most popular piece of studio equipment. These classes offer you the chance to achieve an intensive workout which is as much about correct technique as strength and stamina. You will work with different levels of resistance and some sessions will incorporate the Jumpboard for added intensity. You must have at least Beginner/Intermediate Matwork experience to join Reformer classes.

TOWER CLASS

Body Control Pilates is one of the few studios to offer group classes on the Tower. The Tower is a versatile piece of equipment added to the Reformer, which uses spring resistance to both challenge and support. This class will be great for those wishing to progress their Matwork, using the equipment to look at the building blocks of some of the more challenging Pilates exercises. The spring resistance will promote strength, stamina and balance to enhance your technique and build strong, fluid movements. To join the class you need to be at an Intermediate level in Matwork and have Reformer experience. 7 maximum.

45 MIN REFORMER WORKOUT!

Join Sarah Clennell for a 45 min Reformer workout on Thursday evenings. This class will have a relaxed atmosphere to music, but Sarah will still work you hard! To book this class you must have attended at least 2 blocks of Reformer classes at the studio and you should be injury free. 9 max.

HEALTHY BACK CLASS

Designed to help prevent and manage back pain and taught by specially qualified Body Control Pilates teachers. These classes give you a gentle, balanced workout with the focus on strengthening the core muscles that help support your back, improve the quality of your movements and keep your spine flexible and strong. Suitable for beginner – advanced levels.

HEALTHY BONES CLASS (10 MAX)

This class is suitable for anyone who wishes to improve their bone health but it's also ideal if you have been diagnosed with Osteopenia or Osteoporosis. We will work to strengthen the main joints and the spine by doing lots of balance work as well as looking at alignment, posture, breathing, stretching and ensuring good mobility. Suitable for all ages and levels.

PRE AND POSTNATAL PILATES CLASS

This Pre and Postnatal Pilates Matwork class will include the most up to date knowledge and exercises. There will be a maximum of 8 in the class. You must be at least 16 weeks pregnant or have had your 6 week check following a normal delivery and 12 weeks following a C-Section. Call us for further details.

STUDENT CLASS

This class is only open to students on the Body Control Matwork Teacher Training course. We will focus solely on the exercises that you have learnt in your matwork training. These classes offer an excellent environment in which to develop your technique and advance your understanding.

STUDIO SESSION

Studio Sessions are a cost effective and flexible way of training with the full range of equipment in the Pilates studio. Run by 2 teachers who work with a maximum of 6 clients in a session. Perfect for developing your own workout with the added benefit of supervision. Studio Sessions are also suitable if you are pregnant or have anything specific that you are wanting to work on. Studio sessions are 1 hour in duration and by appointment only. Studio Sessions run on Tuesday mornings 8am - 12pm. £25 per session or £20 per session for 5 pre booked sessions. For further information please contact us.

SINGLE SESSION £25

5 PREPAID SESSIONS £100
